

Prompt: My favorite fiction book

What I am looking for: A **good topic sentence**, varied sentence structure, **supporting details/reasons**, and **a concluding sentence**.

(Arjun)

My favorite fiction book is the Dog Man series by David Pilkey. I like his books because they have humor, suspense, action, and cool illustrations. The same author also writes my other favorite books like Captain Underpants and Ook and Gluck series. The main characters in Dog Man are Dog Man, Zuzu, Sarah, Chief, little Petey, and Petey. In Dog Man and the Cat kid, the plot is about saving a good movie about Dog Man while Petey wants to ruin it. Little Petey wants to transform his dad, Petey, into a good guy and the story ends well. The book is funny and shows kids can teach adults to be nice and do the right thing.

(Deeksha)

I love reading and have read quite a lot of books. My favorite of all is the Harry Potter series written by J.K. Rowling. I like the main character, Harry Potter because he is brave and always curious to learn. The storyline is very adventurous, and when I read it, I can almost imagine (visualize) the story in my head. I recently visited the Harry Potter land in Florida and experienced the Harry Potter world, the Hogwarts castle, and the rides. It was the best time of my life!

(Dia)

If You Give a Mouse a Cookie is my favorite book! I like this book because just like the mouse, I also love cookies. Another reason is this book is very funny and makes me laugh a lot, and cute. I can relate to this book because I and the mouse are very much alike. Last but not the least, the illustrations in the book are very beautiful and make the story come alive.

Prompt: How I am making the best use of lockdown

What I am looking for: A **good topic sentence**, **INTERESTING content**. End with a **concluding sentence**.

(Aadhya)

During the lockdown, I am working on my arts and & crafts skills with my parents. We have been working on popsicle stick houses, rubber band bracelets, and papercrafts. I am learning the basics of cooking by gathering ingredients and adding them to the dish while my mom cooks. I have been reading fiction books like Dogman and Diary of a Wimpy Kid series. I am helping my toddler brother to get ready for his preschool by teaching him the alphabet and numbers. I am making the best use of this time.

(Arjun)

I am using the lockdown to spend more time with my family. The part I enjoy most is playing a two-person video game with my dad. We are a good team because I find the special effects and he helps me get to the effects. My mom helps me with my homework, and I help her with the chores. I am learning magic tricks, origami, and to type faster. The best part is that I get to sleep in.

(Deeksha)

I am making the best use of lockdown by learning new things. I learned to bake banana muffins, banana cake, and chocolate chip cookies. I am reading the Harry Potter series as I have a lot of free time. I am enjoying lots of family time, watching movies, and chatting. I helped my mom plant seeds in the pots and help water the plants. I will soon take virtual museum tours to explore science since I really enjoy learning about space. I have also started to pray every day and say thank you to God for keeping us safe.
